

Result #4 - Vermont invests in prevention and plans for the future success of children.

Strategy	Action Step	Prioritization (dots)	
1) Develop an intentional approach to guide Vermont's current and future early childhood expenditures	a) Create an early childhood finance and investment plan (see Appendix A for details)		
2) Promote sustainable business models	a) Encourage shared services alliances		
	b) Research other approaches that could reduce costs in early learning and development programs without sacrificing quality or resulting in a cost-shift to families or programs/personnel
