### **BBF SAC Focus Topic Area** *Addressing trauma and adverse childhood experiences through a focus on protective factors and social emotional wellness*

#### **Desired Outcome:**

- Develop actionable policy, practice and systems recommendations or amendments to policy
- Establish an Early Childhood ACE team that will work to coordinate and integrate existing efforts and develop a report and recommendations to expand on successes and fill gaps
- Reference BBF Policy & Recommendations Guidance

**Your group has 20 minutes to have a rich discussion on the following topics.**

**Please take notes in the form of three bullet points for each of the following questions:**

**1. What are the specific gaps or opportunities that you would like to see the task force focus on?**

**2. What specific ideas or strategies do you have about addressing this issue? What bright spots currently exist?**

**3. What data is needed to address this problem? What data do we have that might help us understand this issue?**

**4. What questions might you ask families in order to better understand protective factors and ACES?**

**5. Who needs to participate in the Early Childhood ACE Team?**

*We will come back together at 2:30 and each team will have two minutes to report out on the first four questions. Please focus your report out on bright spots, innovations, and the pieces of your conversation that truly moved your group.*
