

# Lamoille Valley & Central Vermont Regional Action Plan

<b>Children are ready for School</b>			
<b>Strategy</b>	<b>Action Steps/Partners</b>	<b>Performance Measures</b>	<b>Region priority (Central, Lamoille)</b>
<b>1) Increase Childcare capacity focused on infant and toddler care</b> -	VB5, Starting Points, LGK: Ensure support of current providers by advocating for provider support. How can we assist the field already in business?	Stalled from the Start data - # of new centers, # of closures	Lamoille - priority Central - priority
<b>2) Work to ensure preK works more consistently for families, teachers and providers</b>	Normal meetings, information sharing, facilitation. Particularly consider consistency of delivery of the law across both private and public spheres. This is a focus for both Central Vermont BBF and Lamoille BBF. For families consider a family informational evening for UPK	# of communications to our legislators, Administration, AoE and SAC	Central - priority Lamoille - priority
<b>3) Support consistent Professional Development and licensing for the EC field</b>	Help to educate the Council and help other professionals navigate the new systems of PD etc., maintain close contact with CCV-Northern Lights and VB5		Lamoille - ongoing Central - ongoing

<b>Children are supported</b>			
<b>Strategy</b>	<b>Action Steps</b>	<b>Performance Measures</b>	<b>Region priority</b>

# Lamoille Valley & Central Vermont Regional Action Plan

			<b>(Central, Lamoille)</b>
<b>1) Attend to homelessness in the Lamoille Valley - a point in time count from last month included 64 individuals (Mel's discussion)</b>	Assign Coordinator to attend Will Eberle's team meetings, support sheriff however possible.	# of homeless families as reported at State wide point in time count # of homeless children as measured by Capstone - Shelter project continues	Central - monitoring Lamoille - priority
<b>2) Continue to advise the legislature and governor's office about how kids and families are doing</b>	Continue our alliance work - 2018 session identified these issues: CCFAP, TEACH, CIS, ECFMH, Family and Medical Leave, Homelessness - have regular BBF presence - in both regions - at the UCC's to enhance the Early Childhood voice.	# of legislative action results #of Council Members able to attend ECDL #of Alliance members in the area	Central - priority Lamoille - priority
<b>3) Maintain meaningful space for collaborative and cooperative networking and information sharing for the field</b>	Market and recruit Council Meetings and membership regularly	Regional Council attendance numbers and efficacy polling % represented from each sector # attending Attendees collaborate in all 5 domains	Central - ongoing Lamoille - ongoing
<b>4) Ensure the strength of current core programs including home visiting (CIS etc) and the application of the Strengthening Families Framework, and systems integration.</b>	With Family Centers, CIS Teams, with Capstone: Support emergent systems integration work. Capitalize on the Council's commitment to the CSSP EC LINC work over the last two years to build these tools. Action: standardize and apply survey annually for three years across the two regions CIS, BBF, and Family Center staff	Get a baseline integration survey result from providers, then repeat each year. Measure change.  % of folks who participate  % of Providers feel that their work is connected?	Central - ongoing Lamoille - ongoing

Children are healthy			
Strategy	Action Steps	Performance Measures	Region priority (Central, Lamoille)
<b>1) Drive the use of Help Me Grow to ensure young families are connected to resources they need</b>	With VDH, with MCH Coordinator (see 3, below) Continue education efforts	Number of referrals directed through 211*6 # of parents/caregivers reached. # of community partners reached. # of calls to the call center. # of materials distributed (broken down by: postcards, posters, pamphlets, magnets, etc.). # of events held (this includes both public events held and meetings, both council meetings and others attended on behalf of HMG).	Central - ongoing Lamoille - ongoing
<b>2) Support Health efforts focused on increased Developmental screening -</b>	support MCH nurse's efforts, particularly around Developmental Screening. Help to support any change to <a href="#">SWYC</a> .	Measure: Blueprint data? Other data on this? Measure: if there is a move towards SWYC, how much, how understood etc. # of screenings - % of follow through	Central - ongoing Lamoille - ongoing
<b>3) Contribute the Early Childhood perspective to our Accountable Community for Health</b>	Attend and gain influence at the ACH table, and encourage long term strategies that focus on Early Childhood supports.		Central - priority
